ASGLB National Dashboard - England (Regions) 2020/21 Q2 - ADM Best Interest Decisions

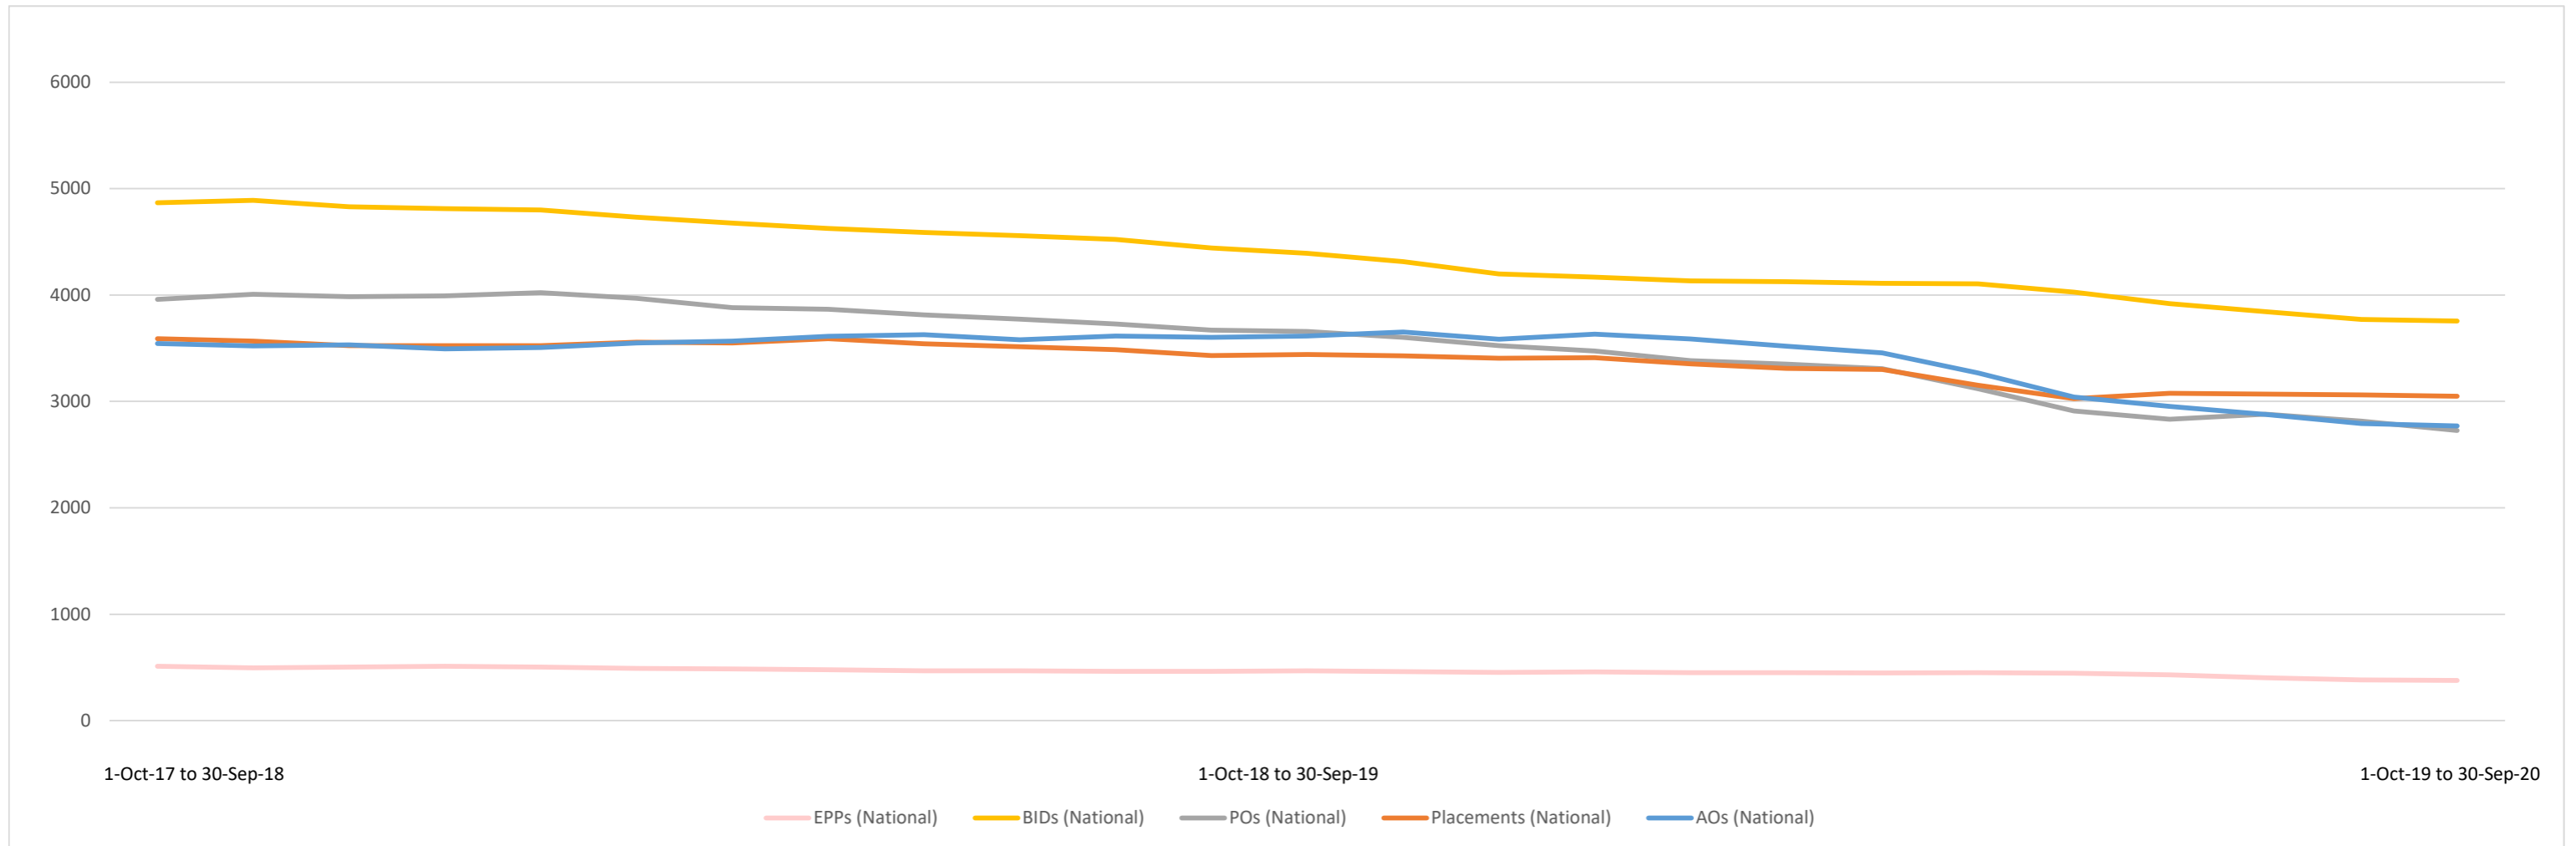

* highlighted rates are lower than the national equivalent for that year

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - Early Permanence

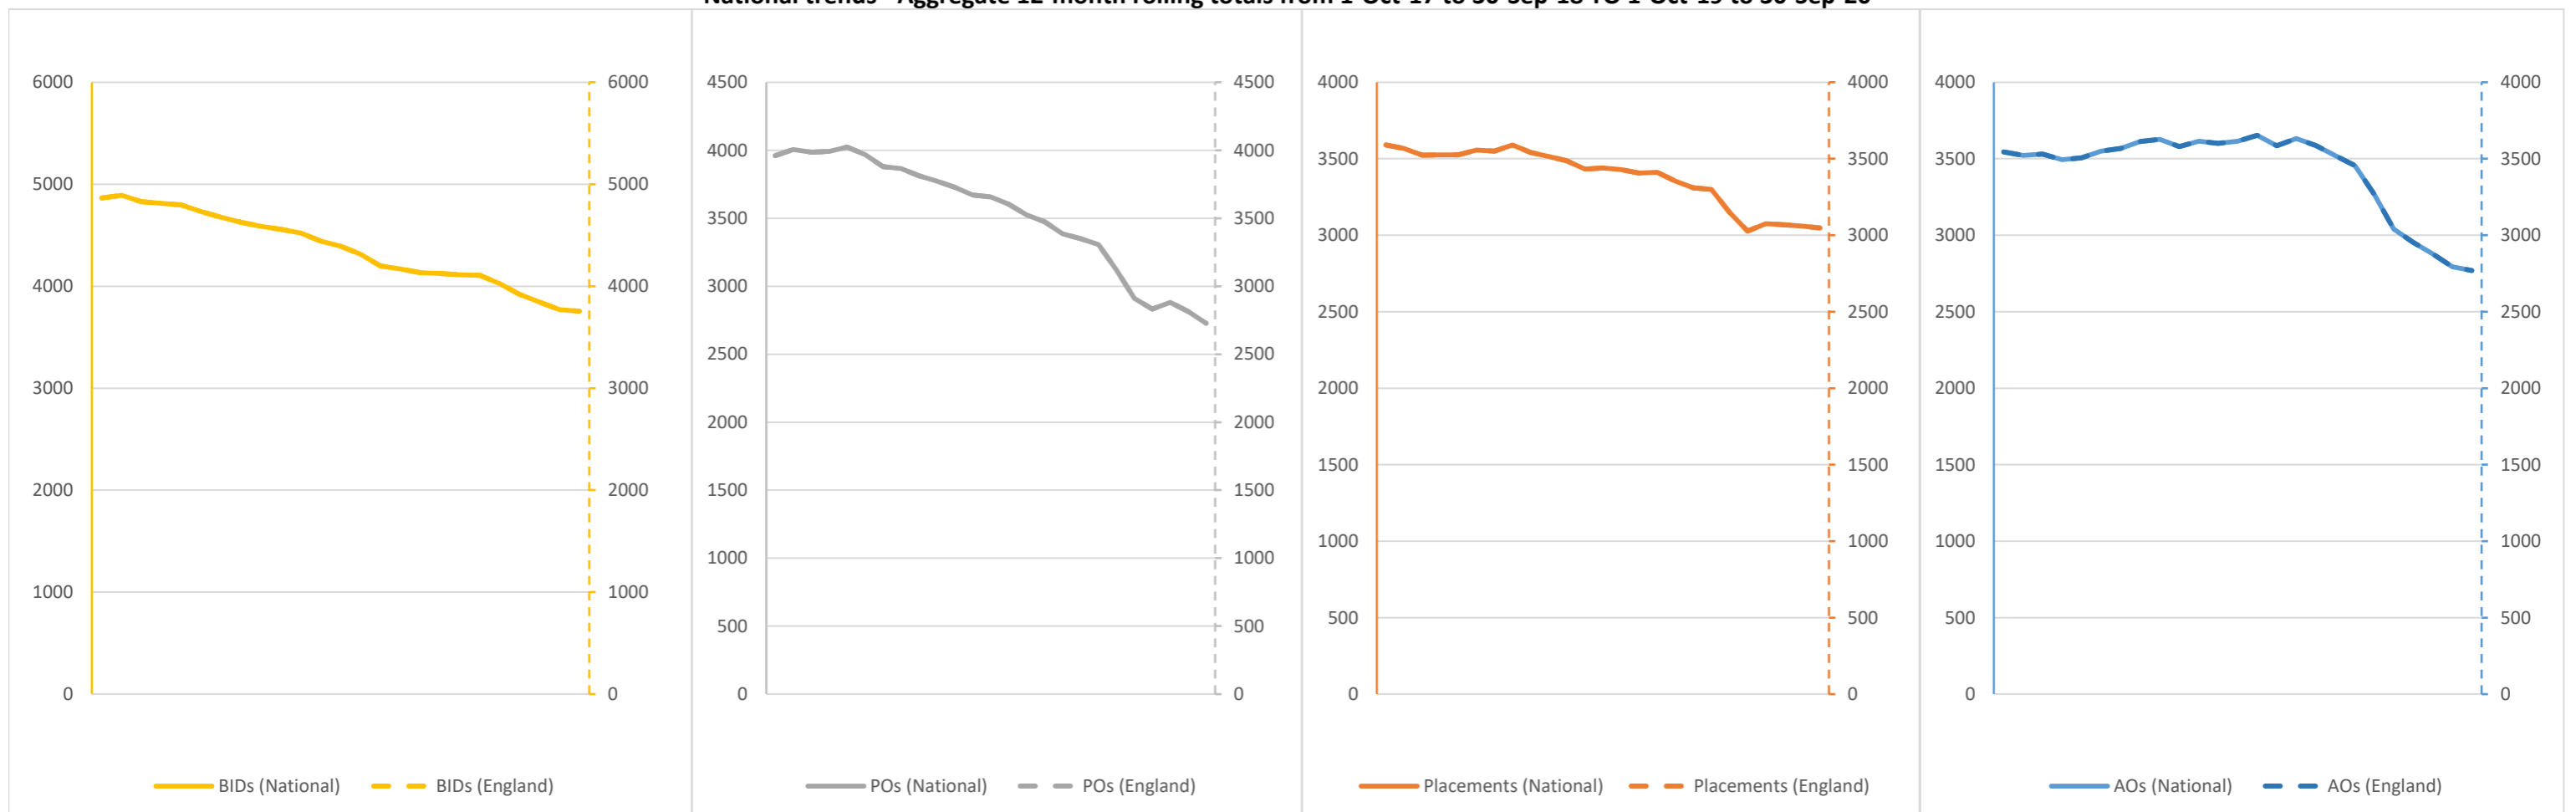

* highlighted rates are lower than the national equivalent for that year

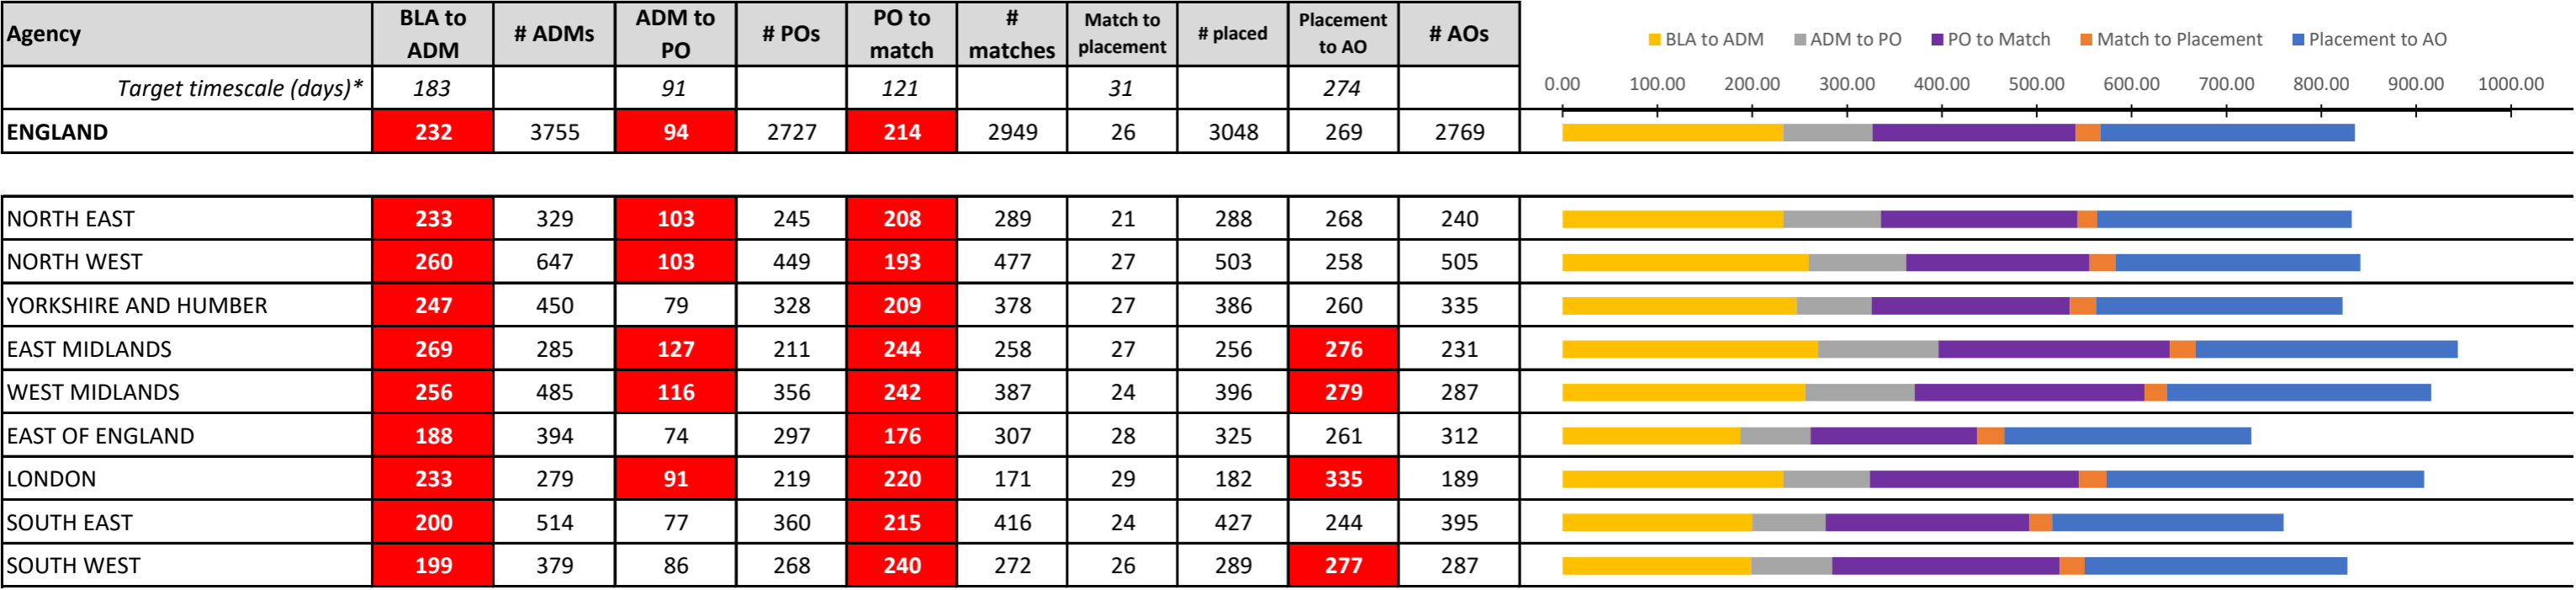

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - Aggregate 12-month rolling totals

National trends - Aggregate 12-month rolling totals from 1-Oct-17 to 30-Sep-18 TO 1-Oct-19 to 30-Sep-20

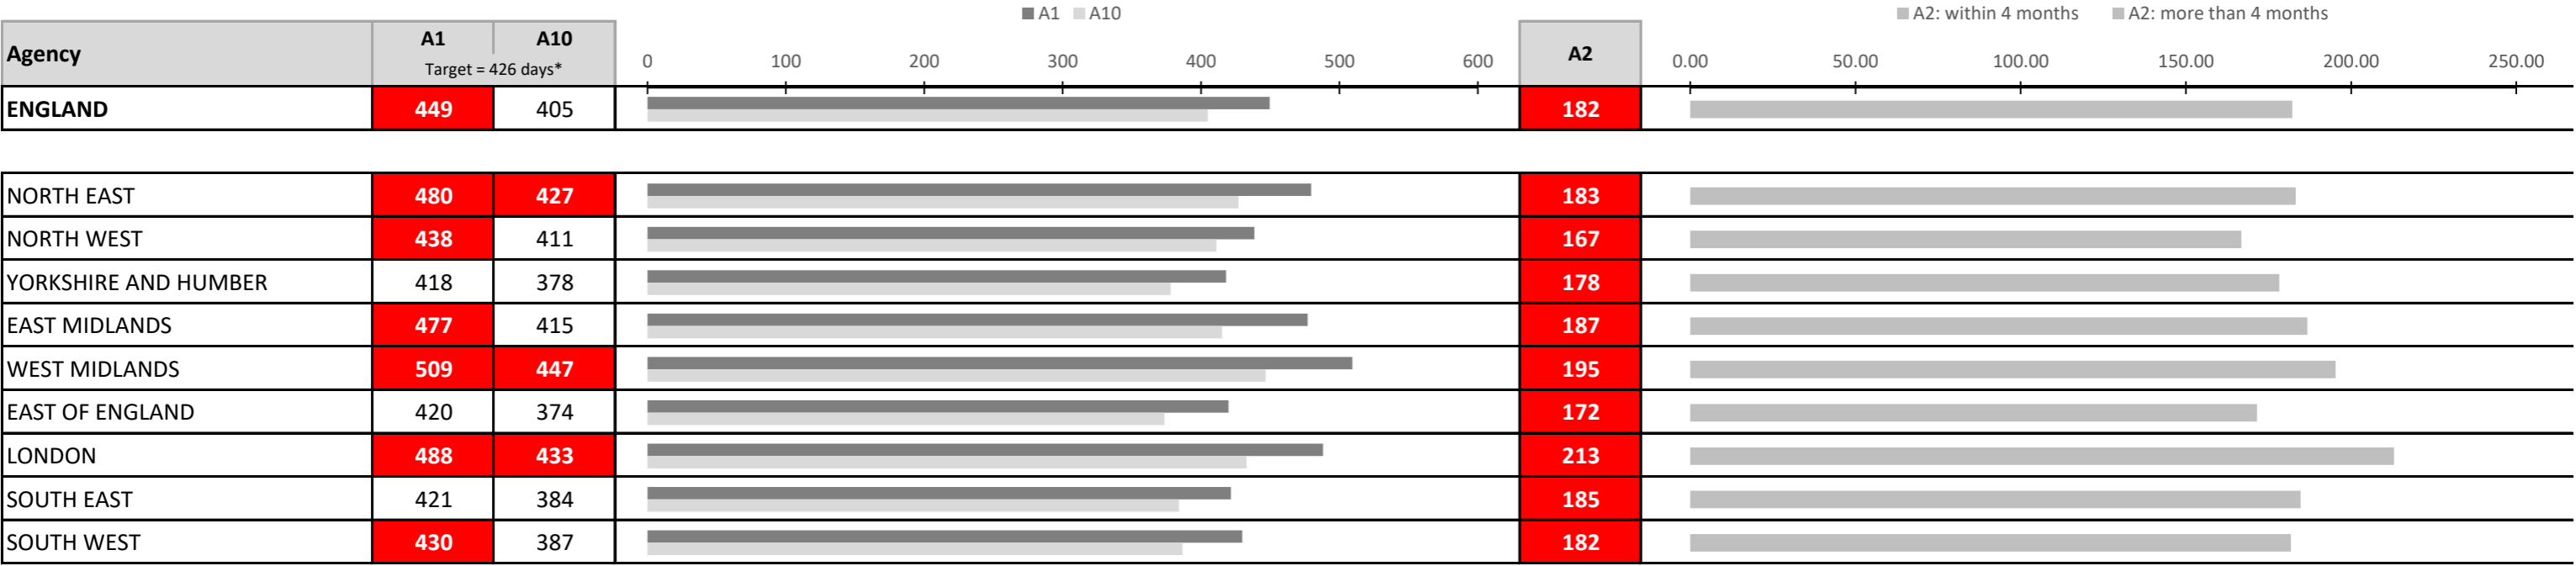

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - Average days to complete key phases of child's journey in the 12 months to 30 September 2020

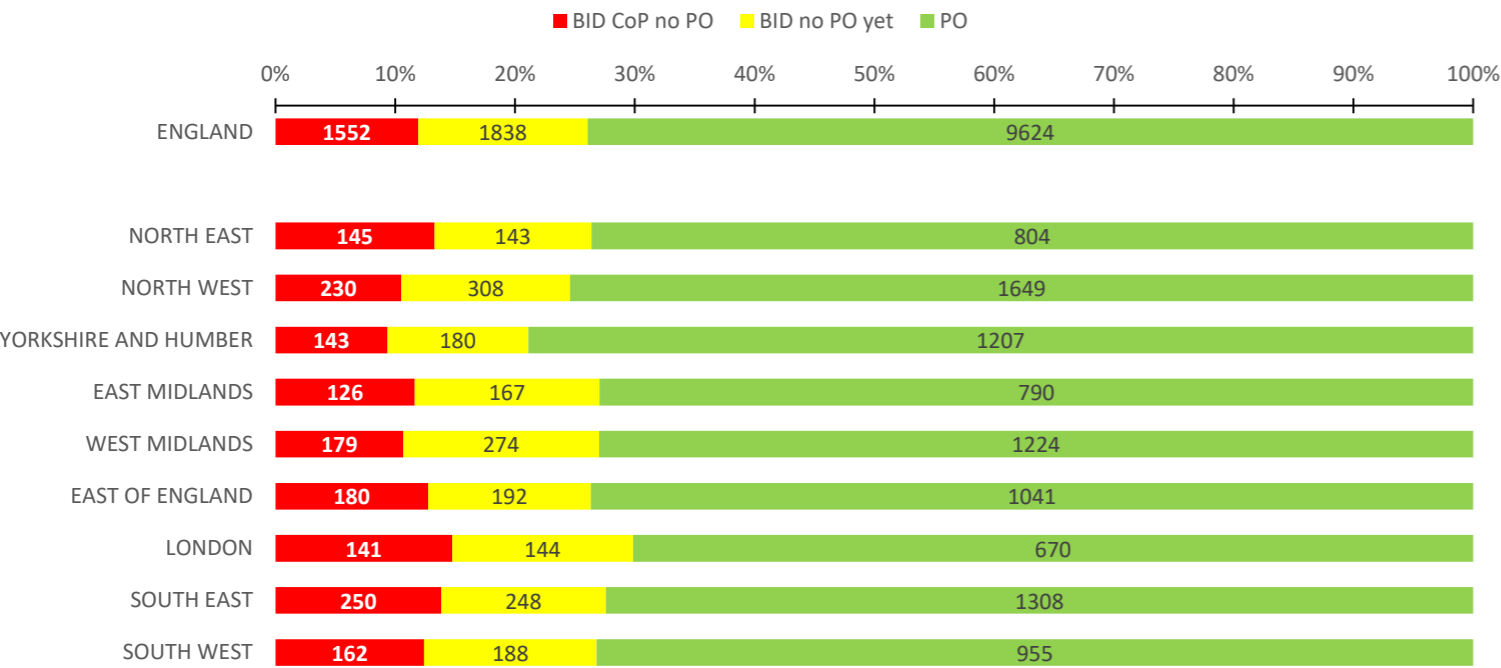

* highlighted figures are greater than target timescales

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - A1, A2 and A10 timescales for children adopted in the 3 years to 30 September 2020

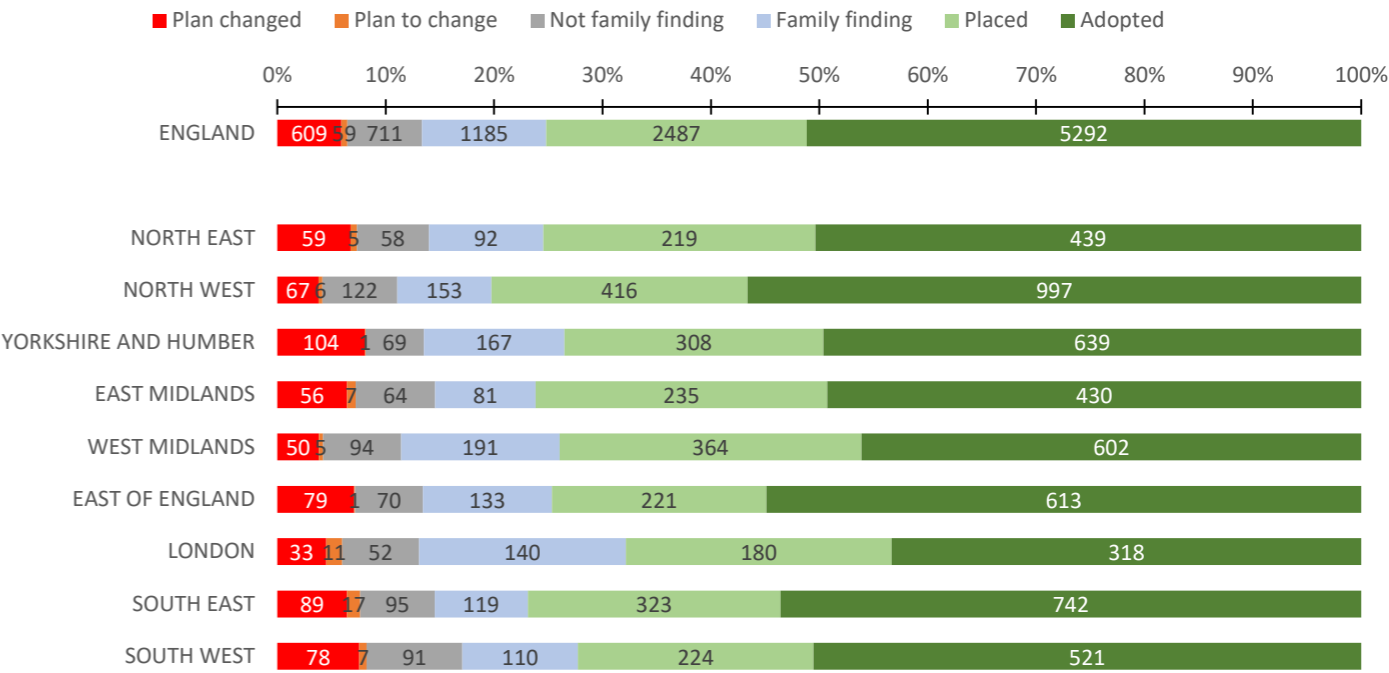

* highlighted figures are greater than target timescales
A1 = entering care to adoptive placement; A10 = entering care to adoptive placement / fostering placement if foster carer adopts child; A2 = placement order to match

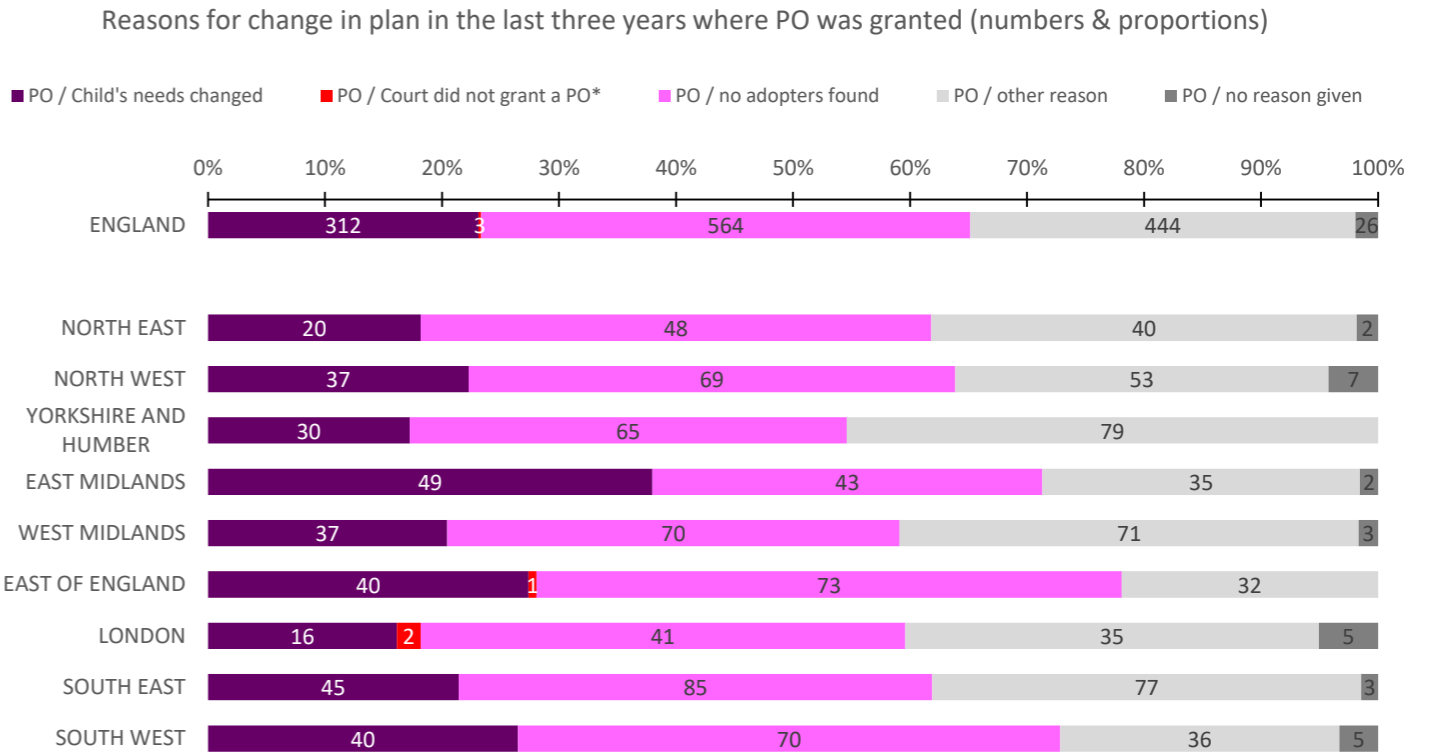

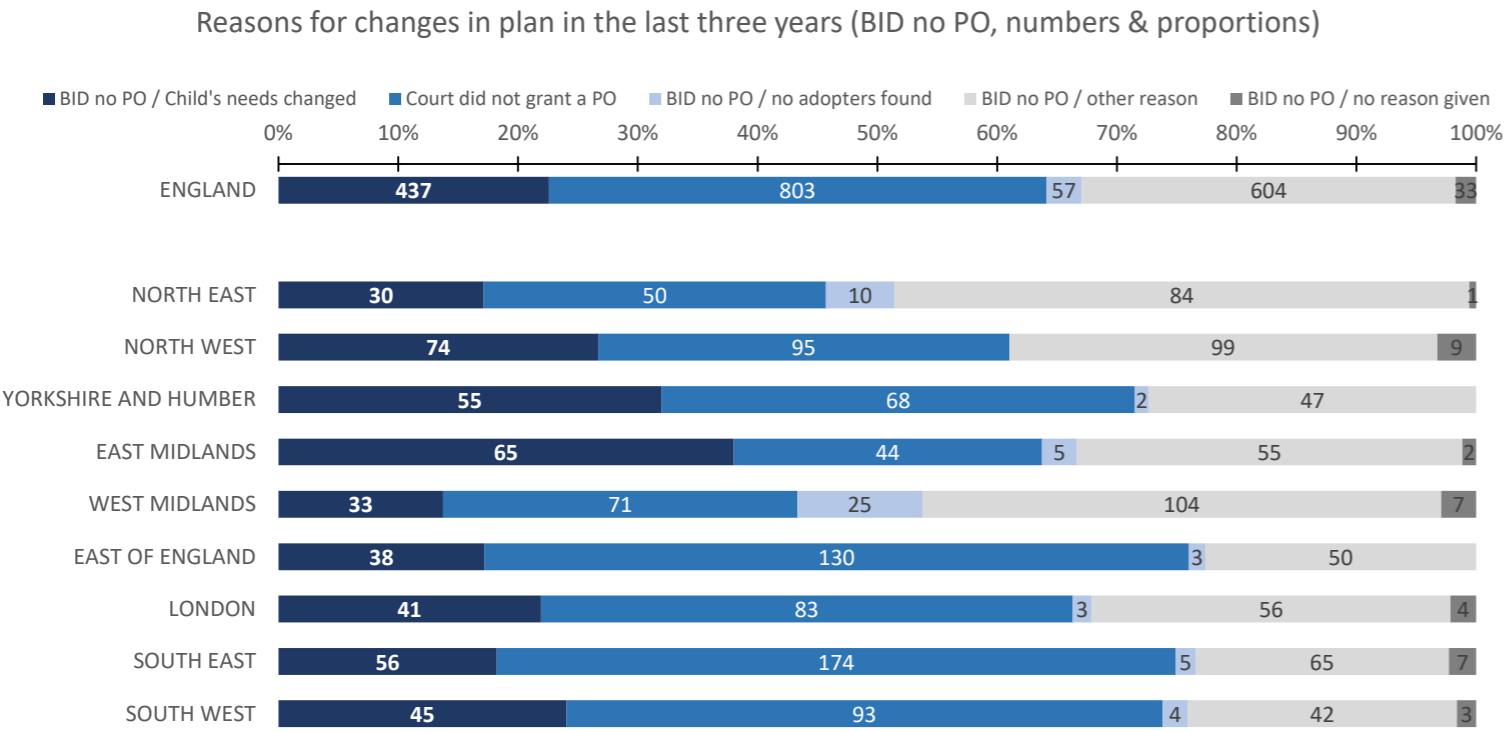

Outcomes of BIDs granted in the last three years (numbers & proportions)

Outcomes of POs granted in the last three years (numbers & proportions)

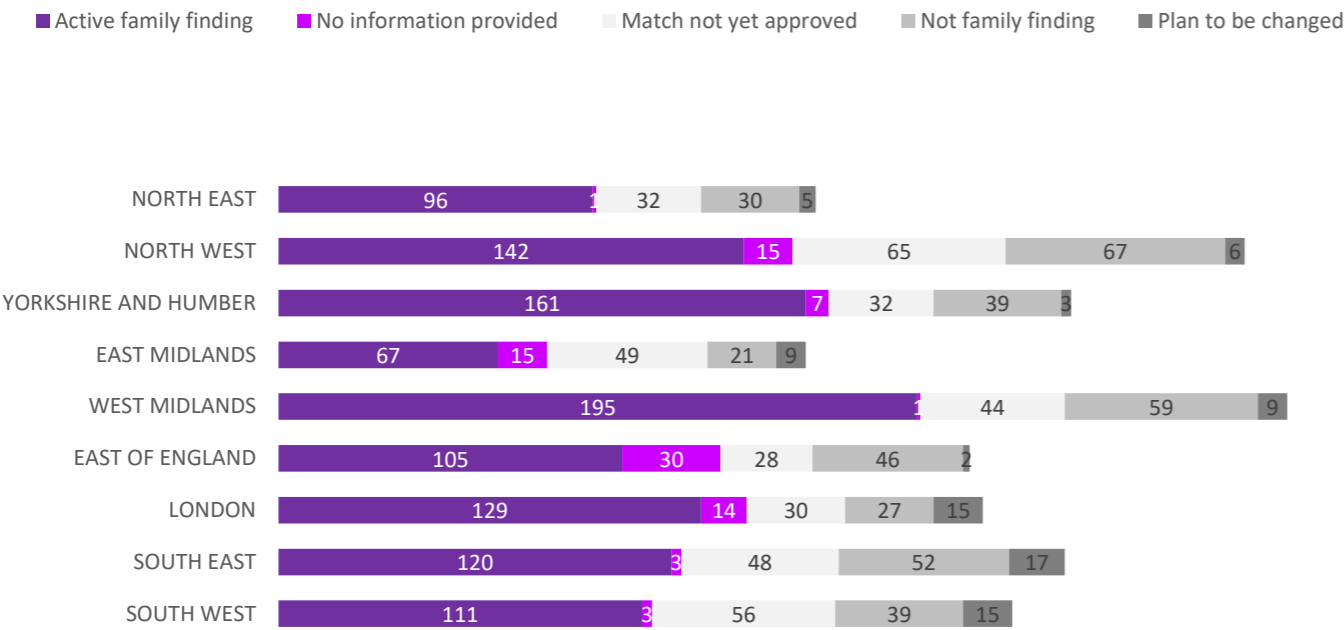

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - Recorded reasons for changes of plans made in the 3 years to 30 September 2020

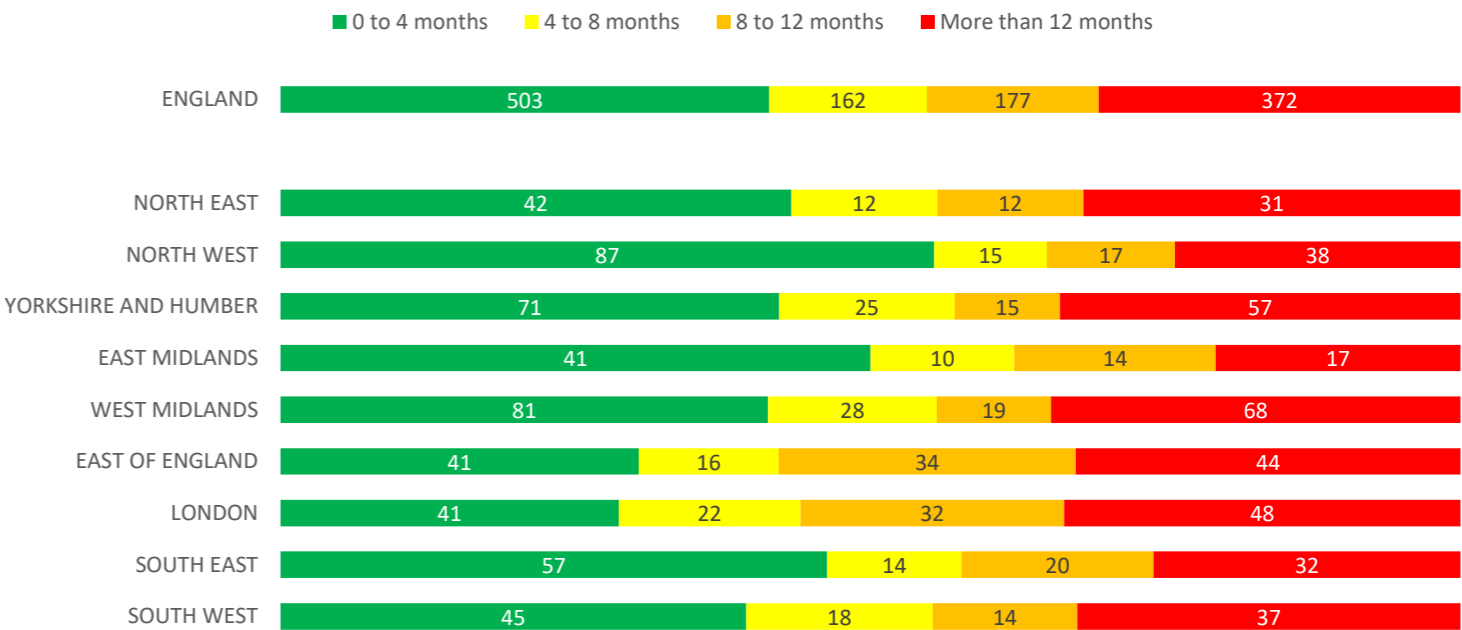

* data indicating a case had a change of plan because the court did not grant a PO but where a PO date is recorded is clearly incorrect

Number of children waiting with a PO by Family Finding Code

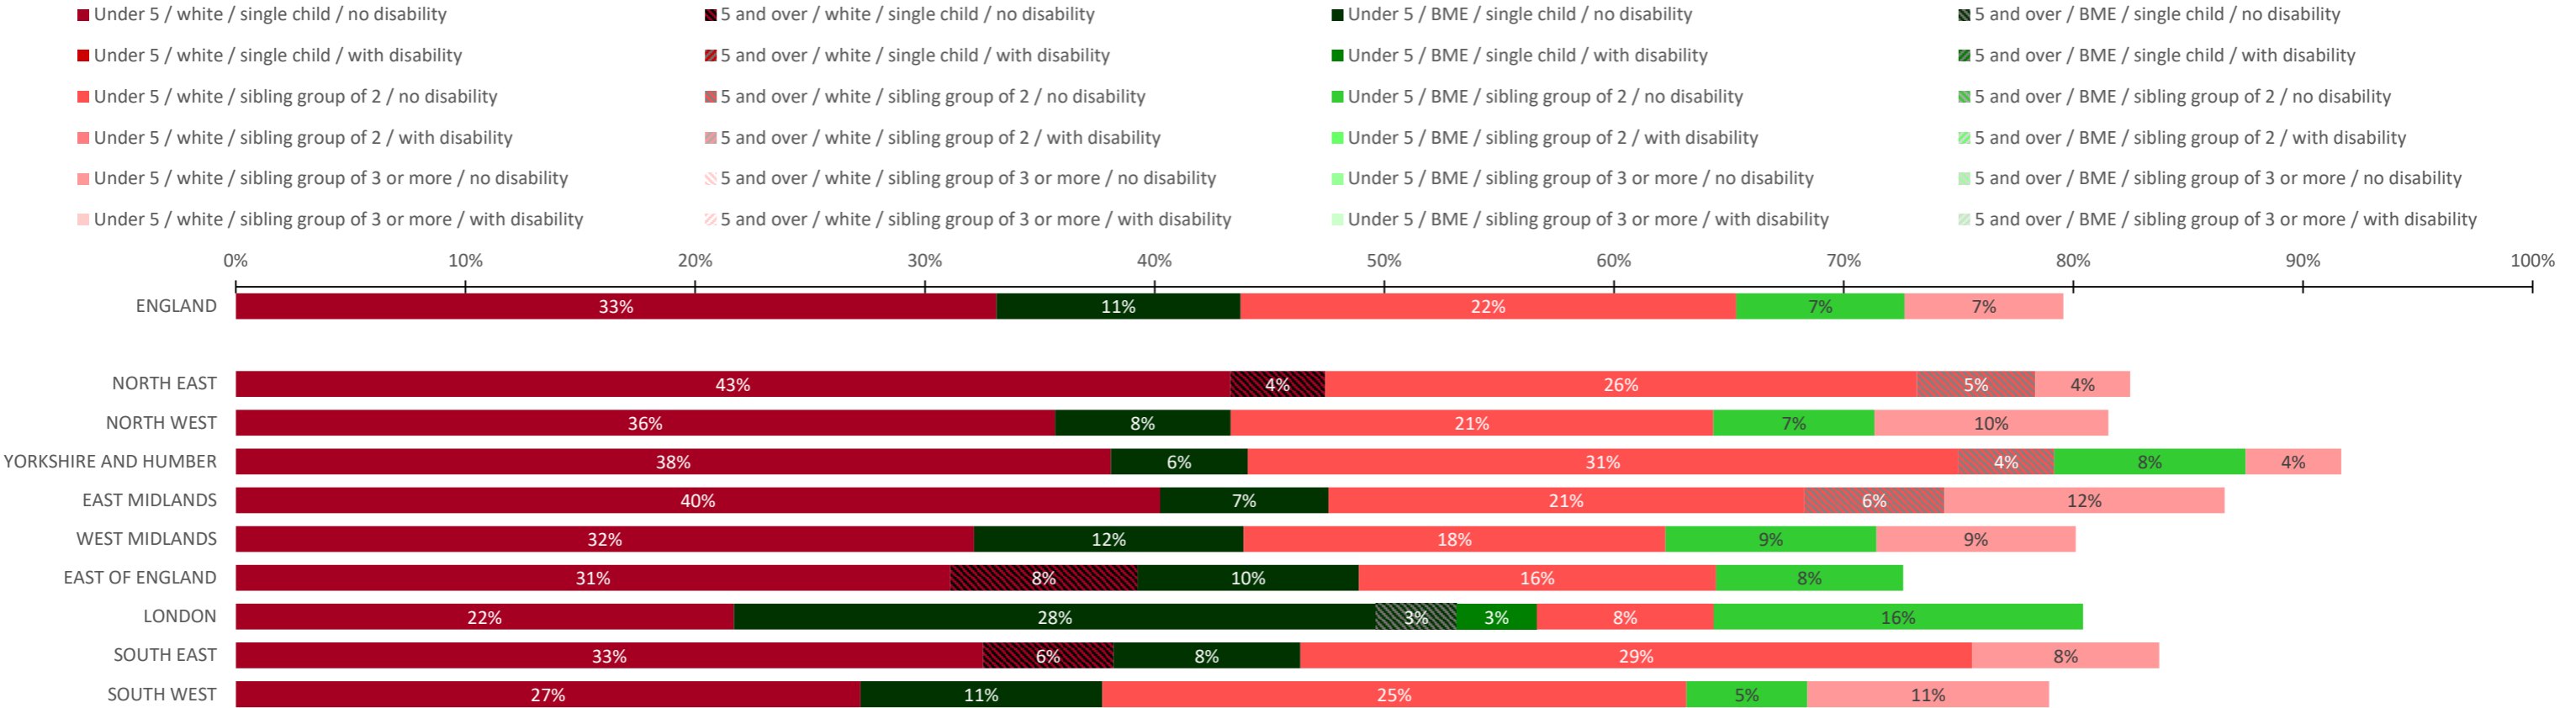

Number and proportion of children waiting with a PO and family finding not stopped*, by time since PO granted

* Family finding not stopped = active family finding or no information provided on family finding status

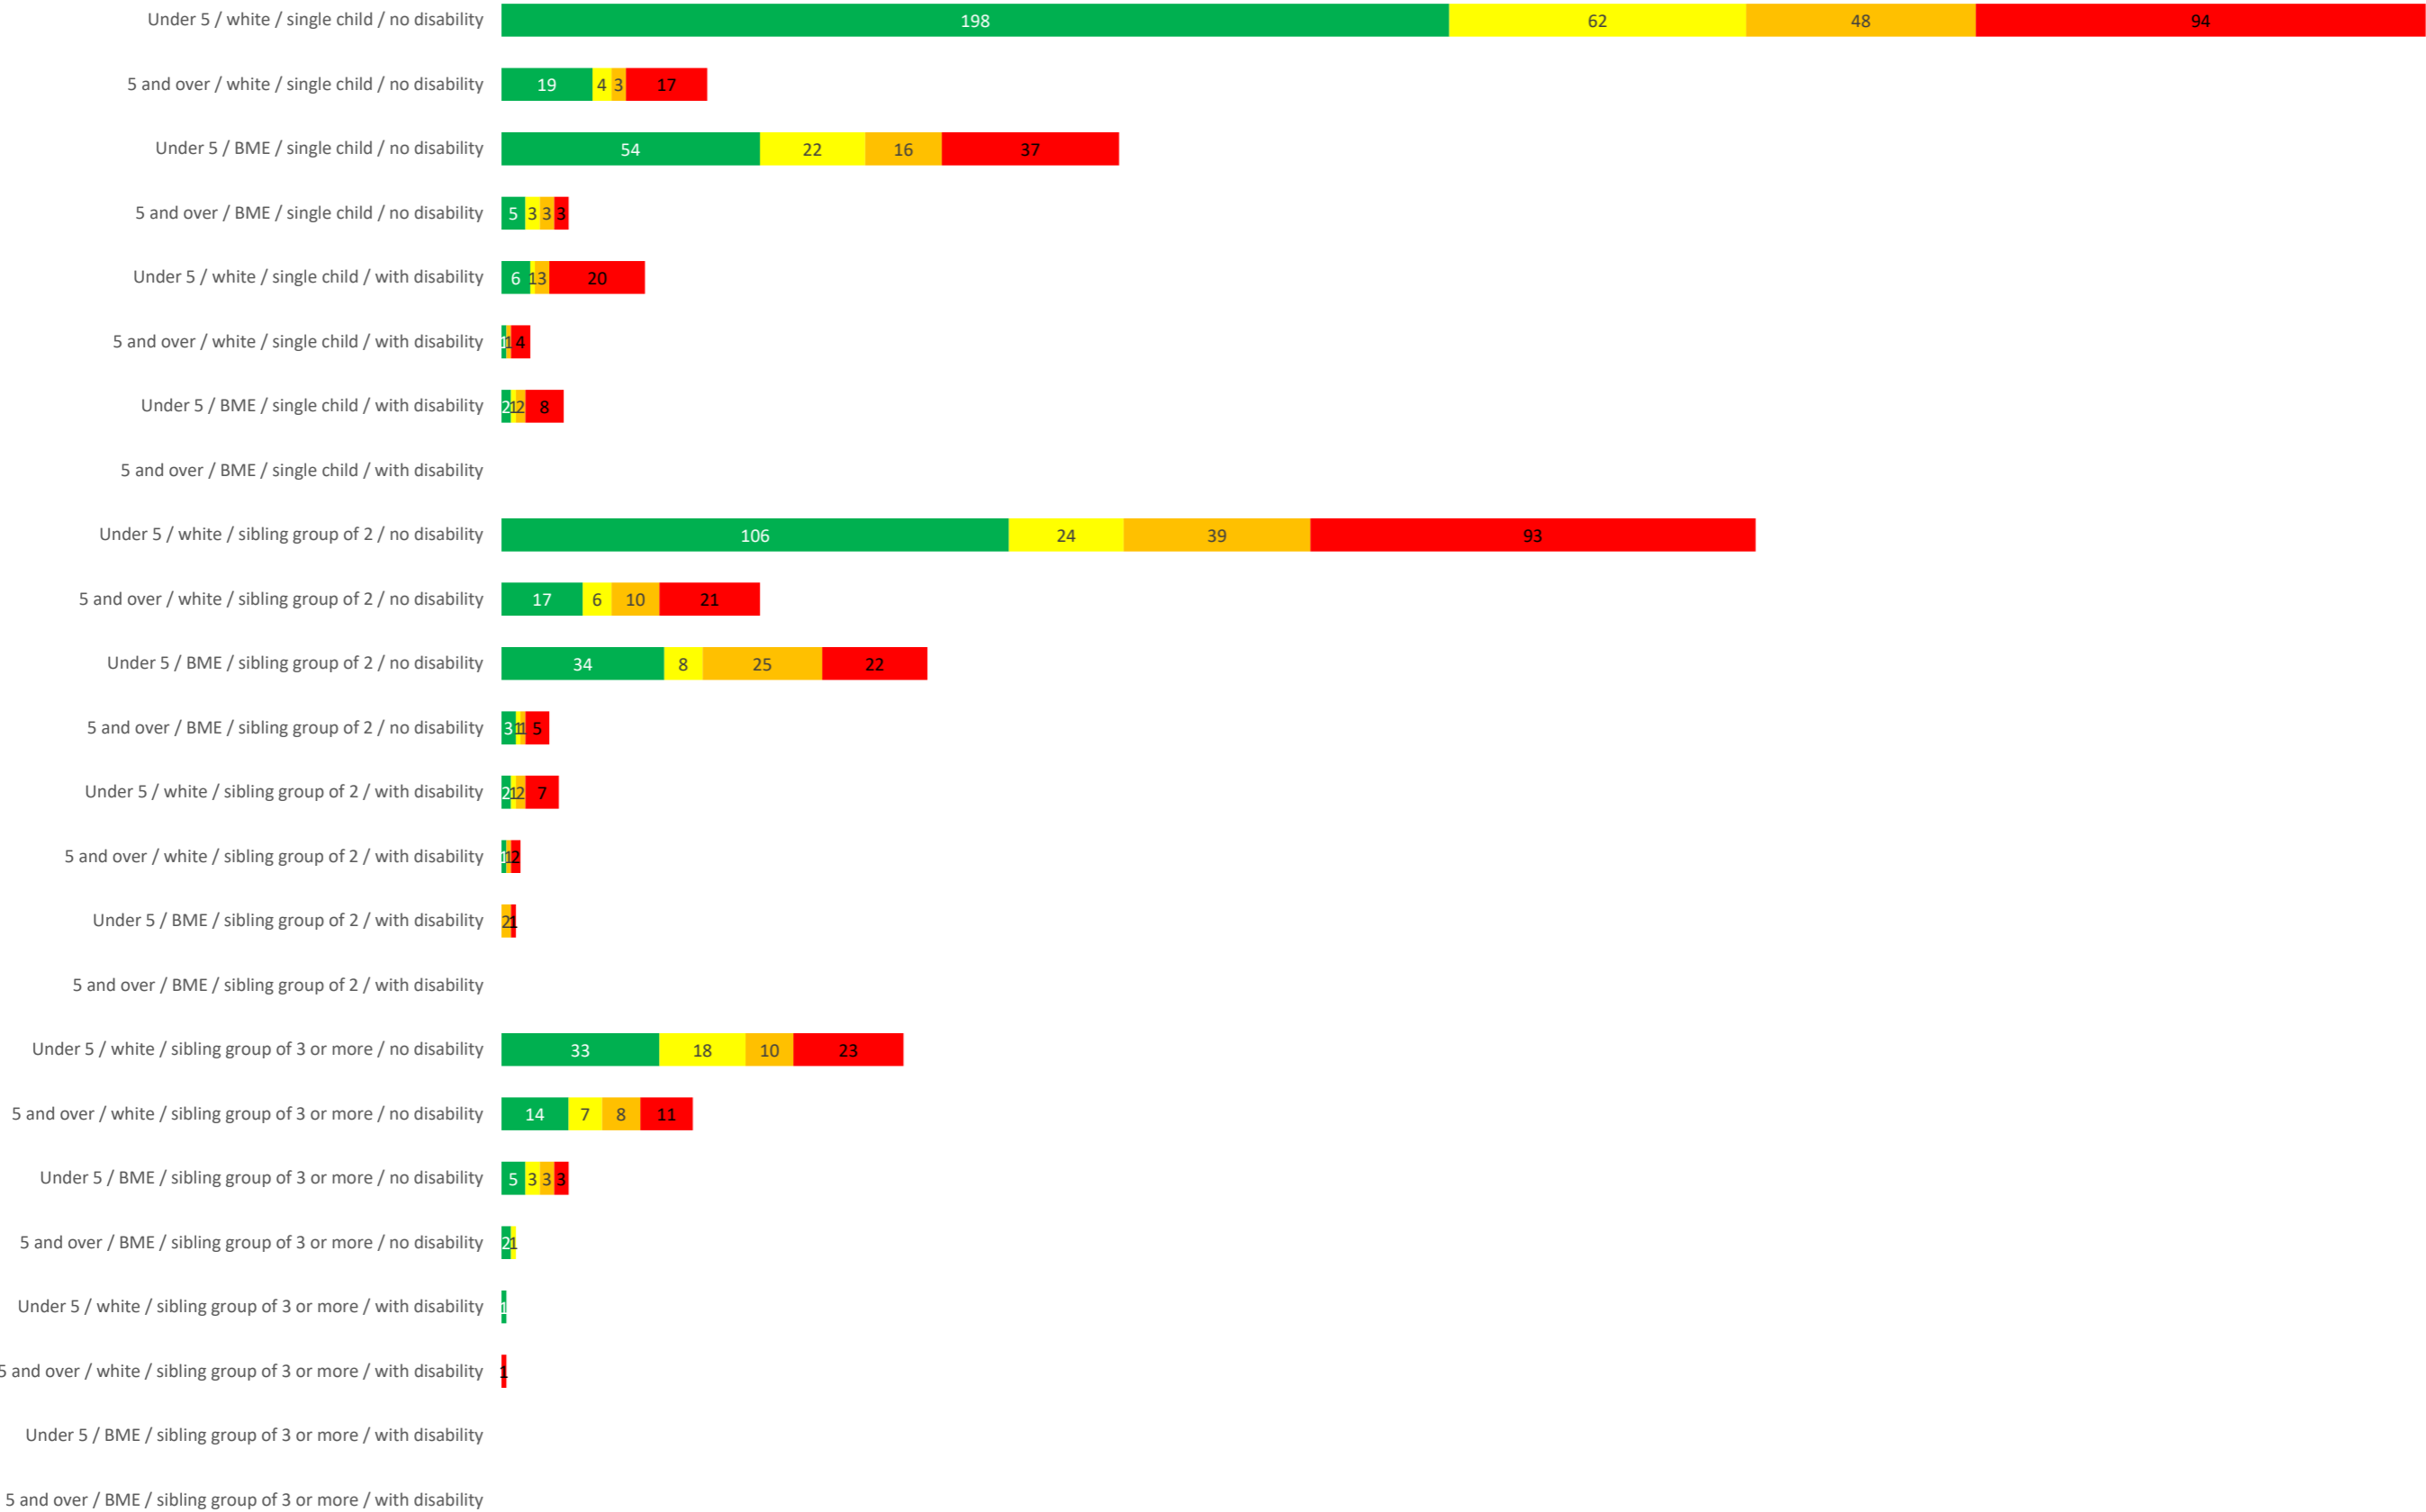

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - Top 5 most represented characteristics among children waiting with a PO, family finding not stopped*

* Family finding not stopped = active family finding or no information provided on family finding status
Age is taken as age when PO was granted

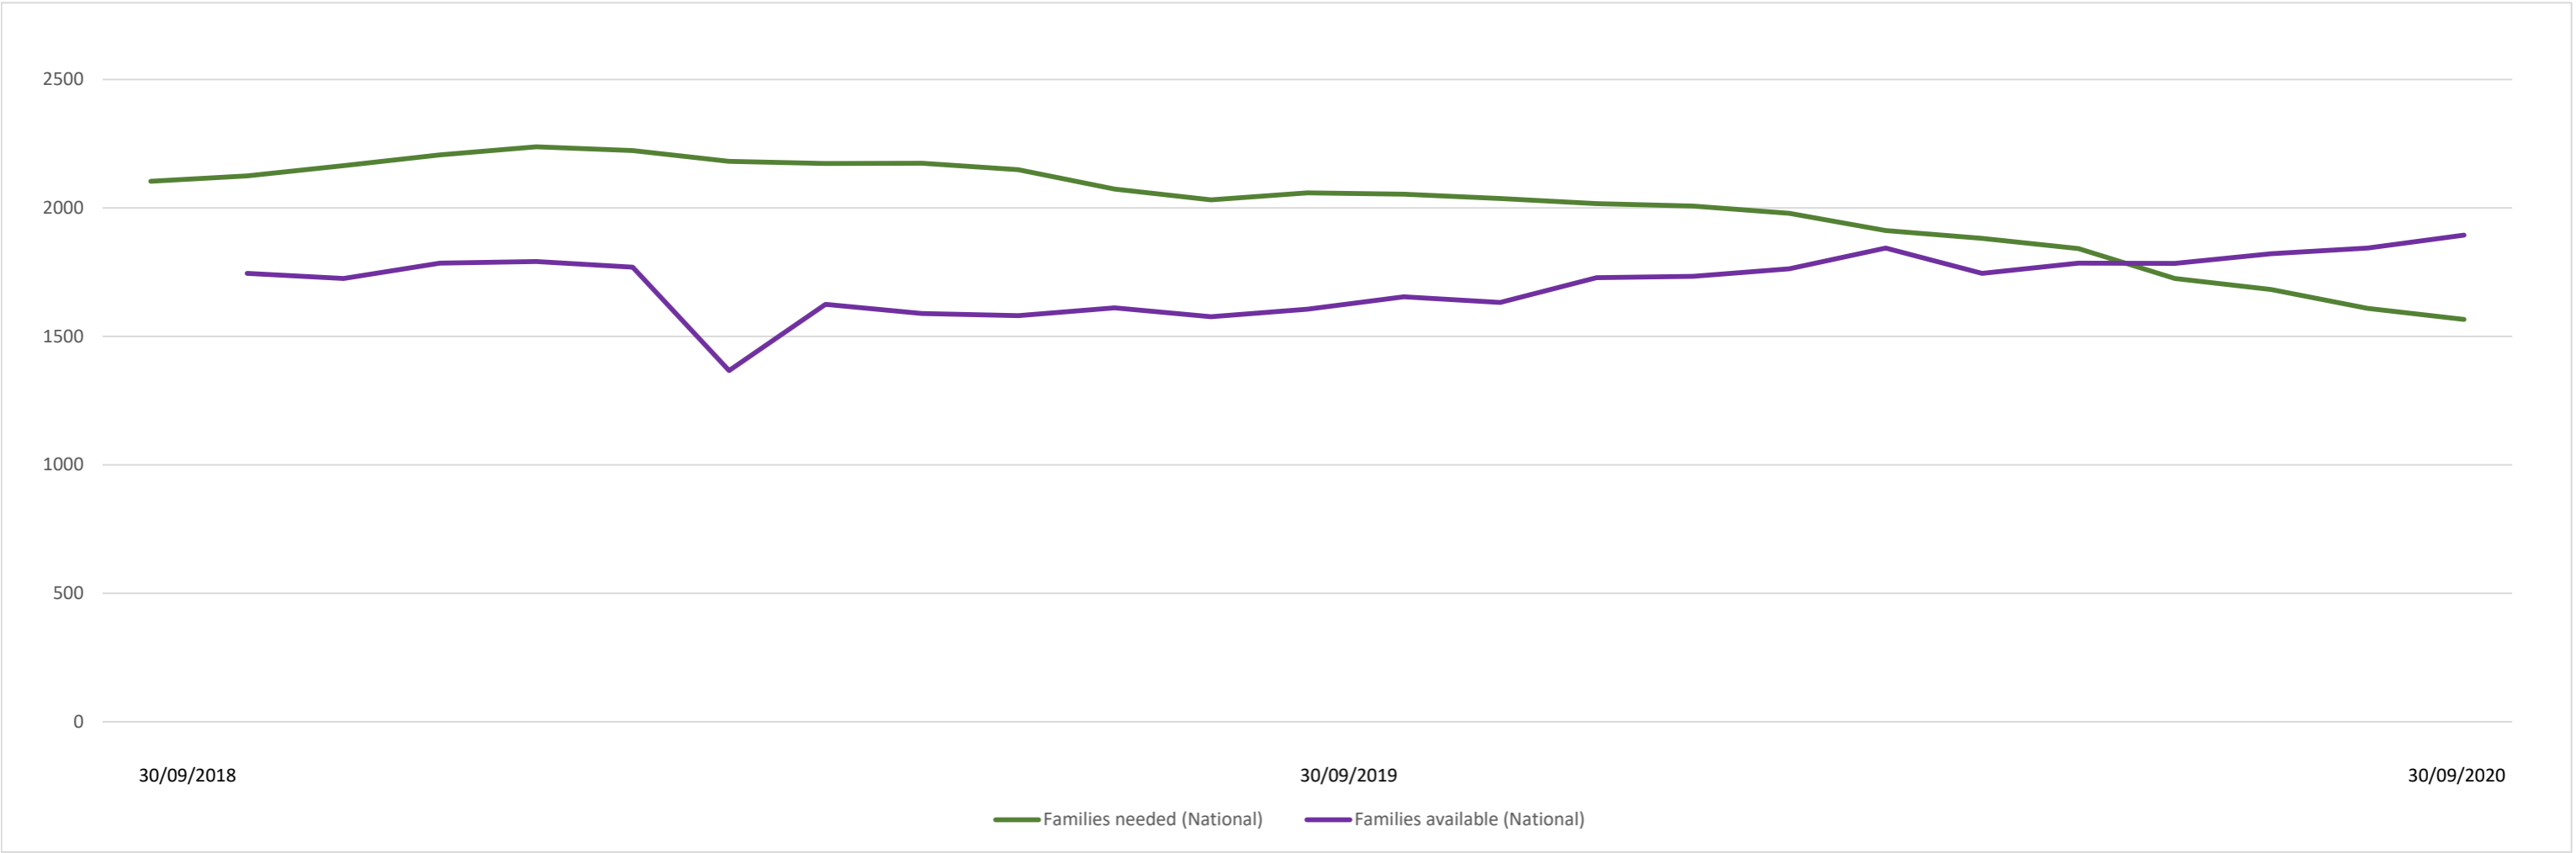

Number of children waiting with a PO and family finding not stopped*, by ethnicity and time since PO granted

0 to 4 months 4 to 8 months 8 to 12 months 12+ months

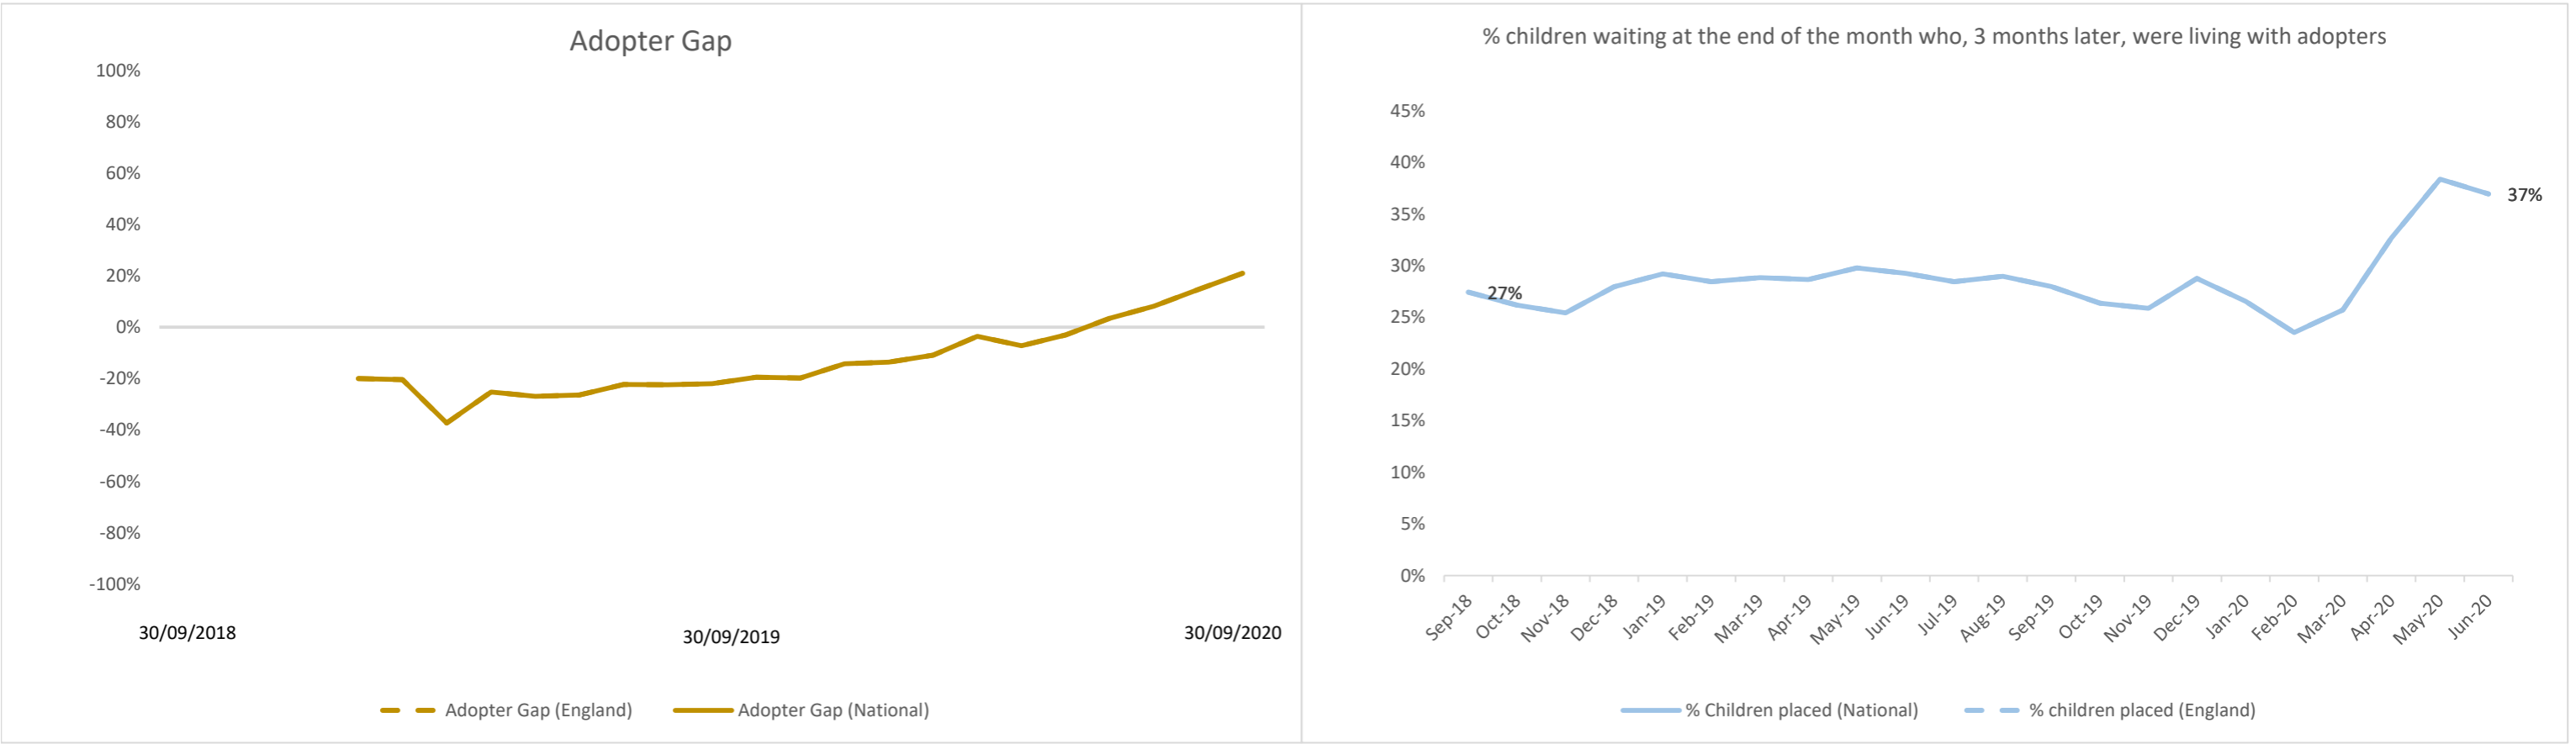

* Family finding not stopped = active family finding or no information provided on family finding status
Age is taken as age when PO was granted

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - Families available v needed as at

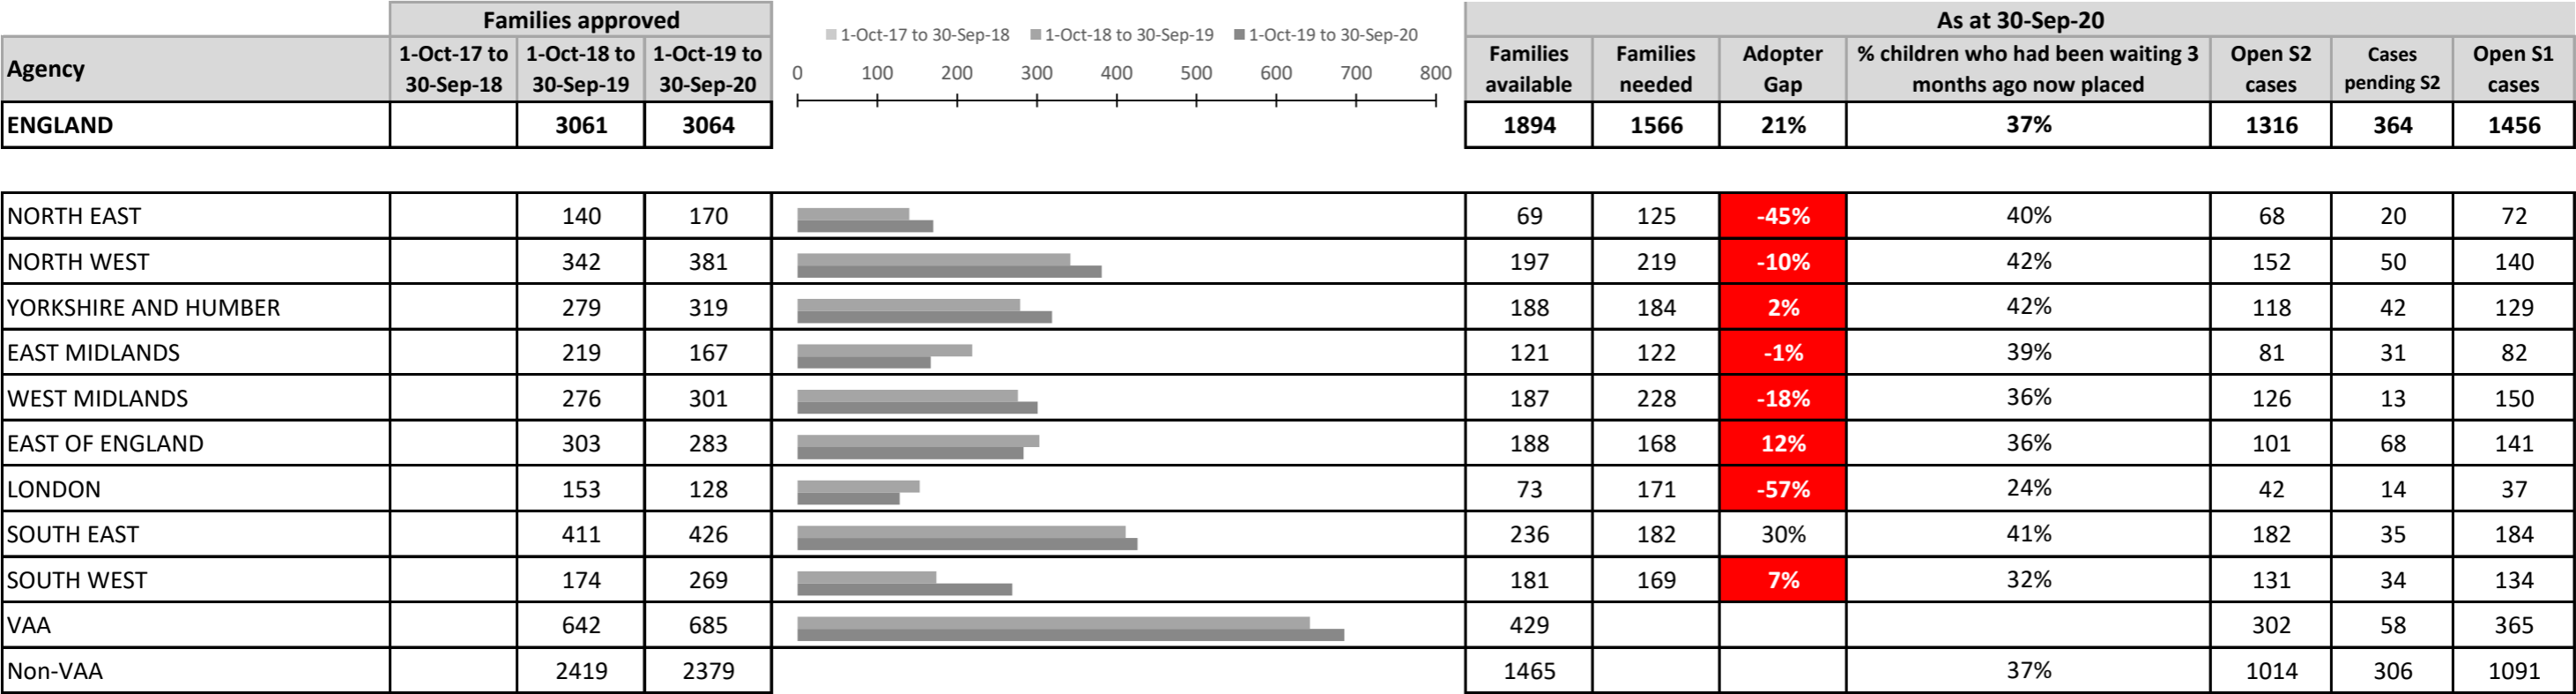

National trends from 30 September 2018 to 30 September 2020

The adopter gap is the proportion of the surplus of families available compared to the number of families needed - below 0% means there are fewer families available than needed

i.e. 27% of the children waiting in England on 30 September 2018 had been placed for adoption by 31 December 2018

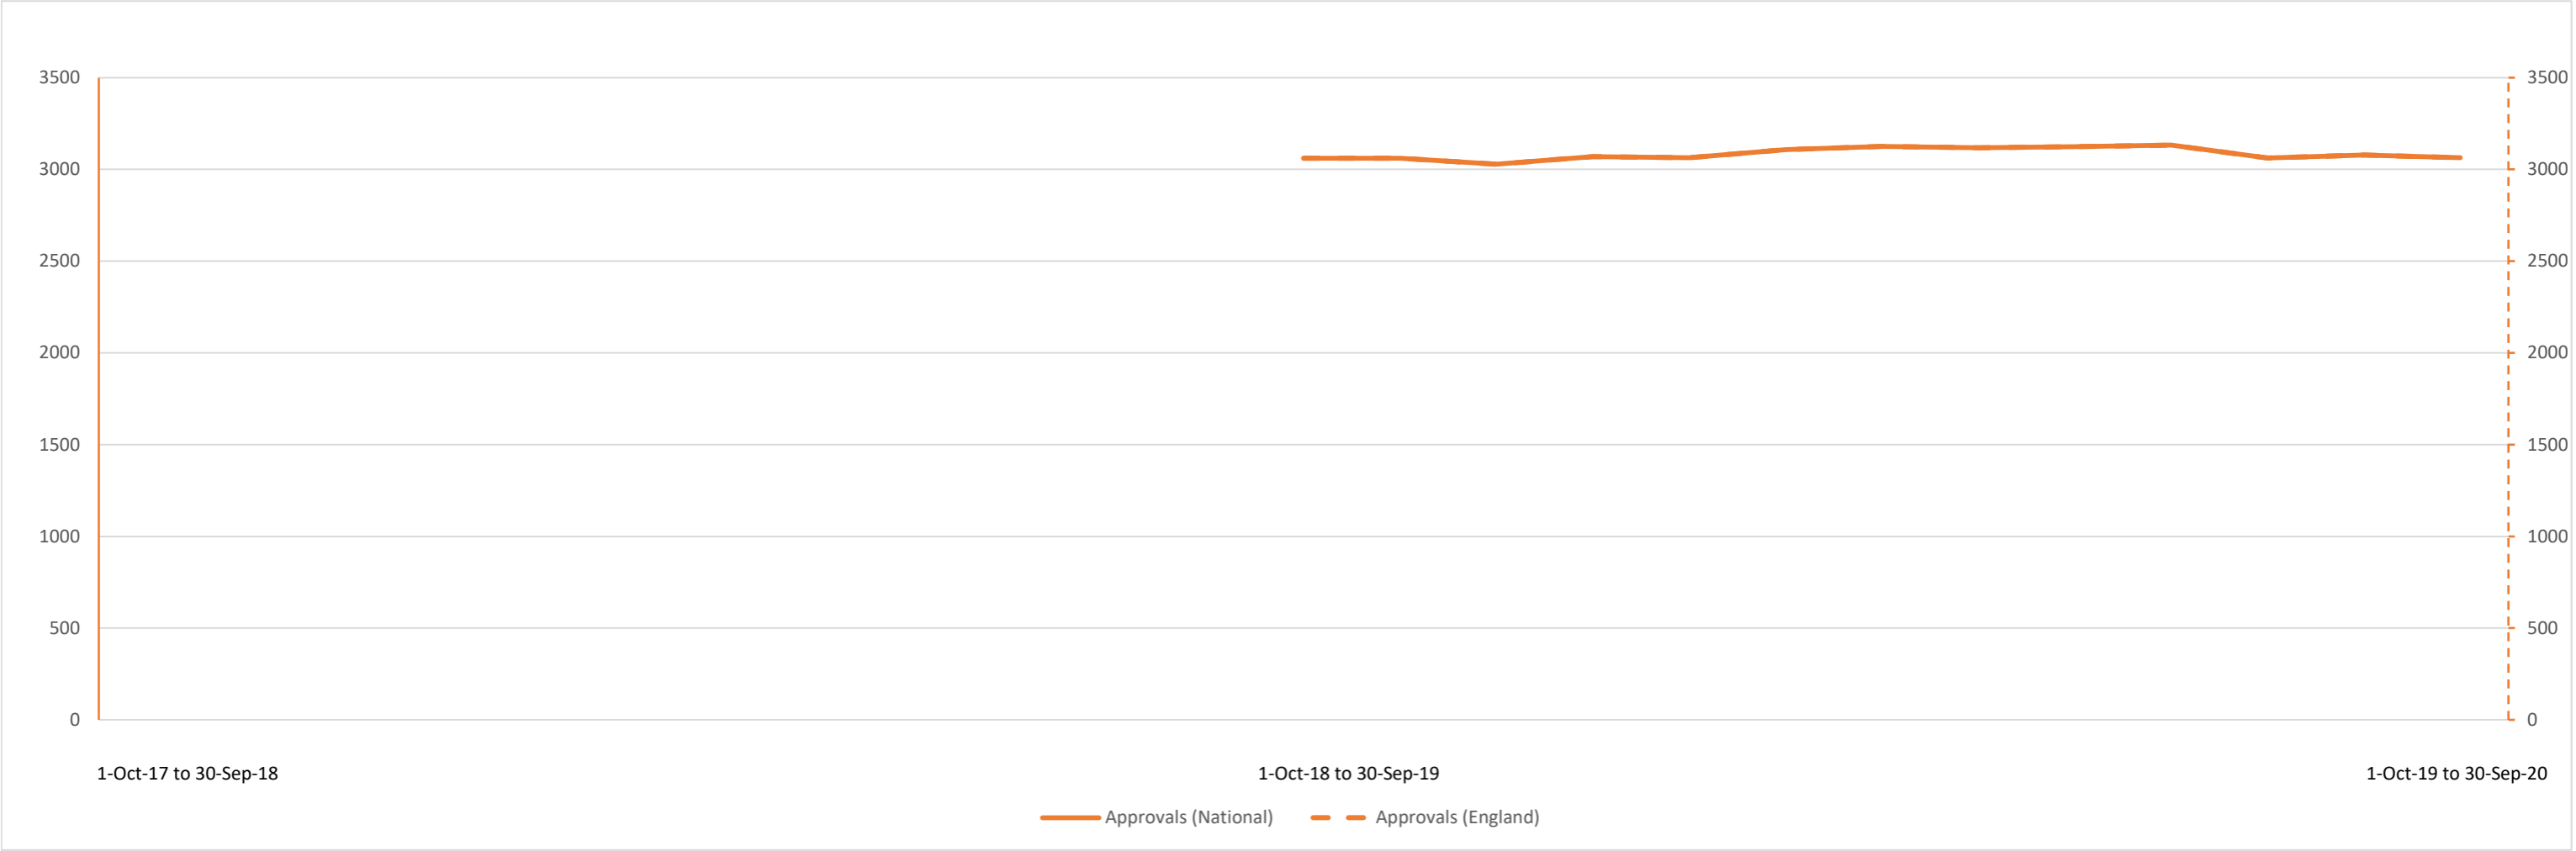

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - Approvals, Families Available, Families Needed, Adopter Gap, Children stuck and Assessment Pipeline

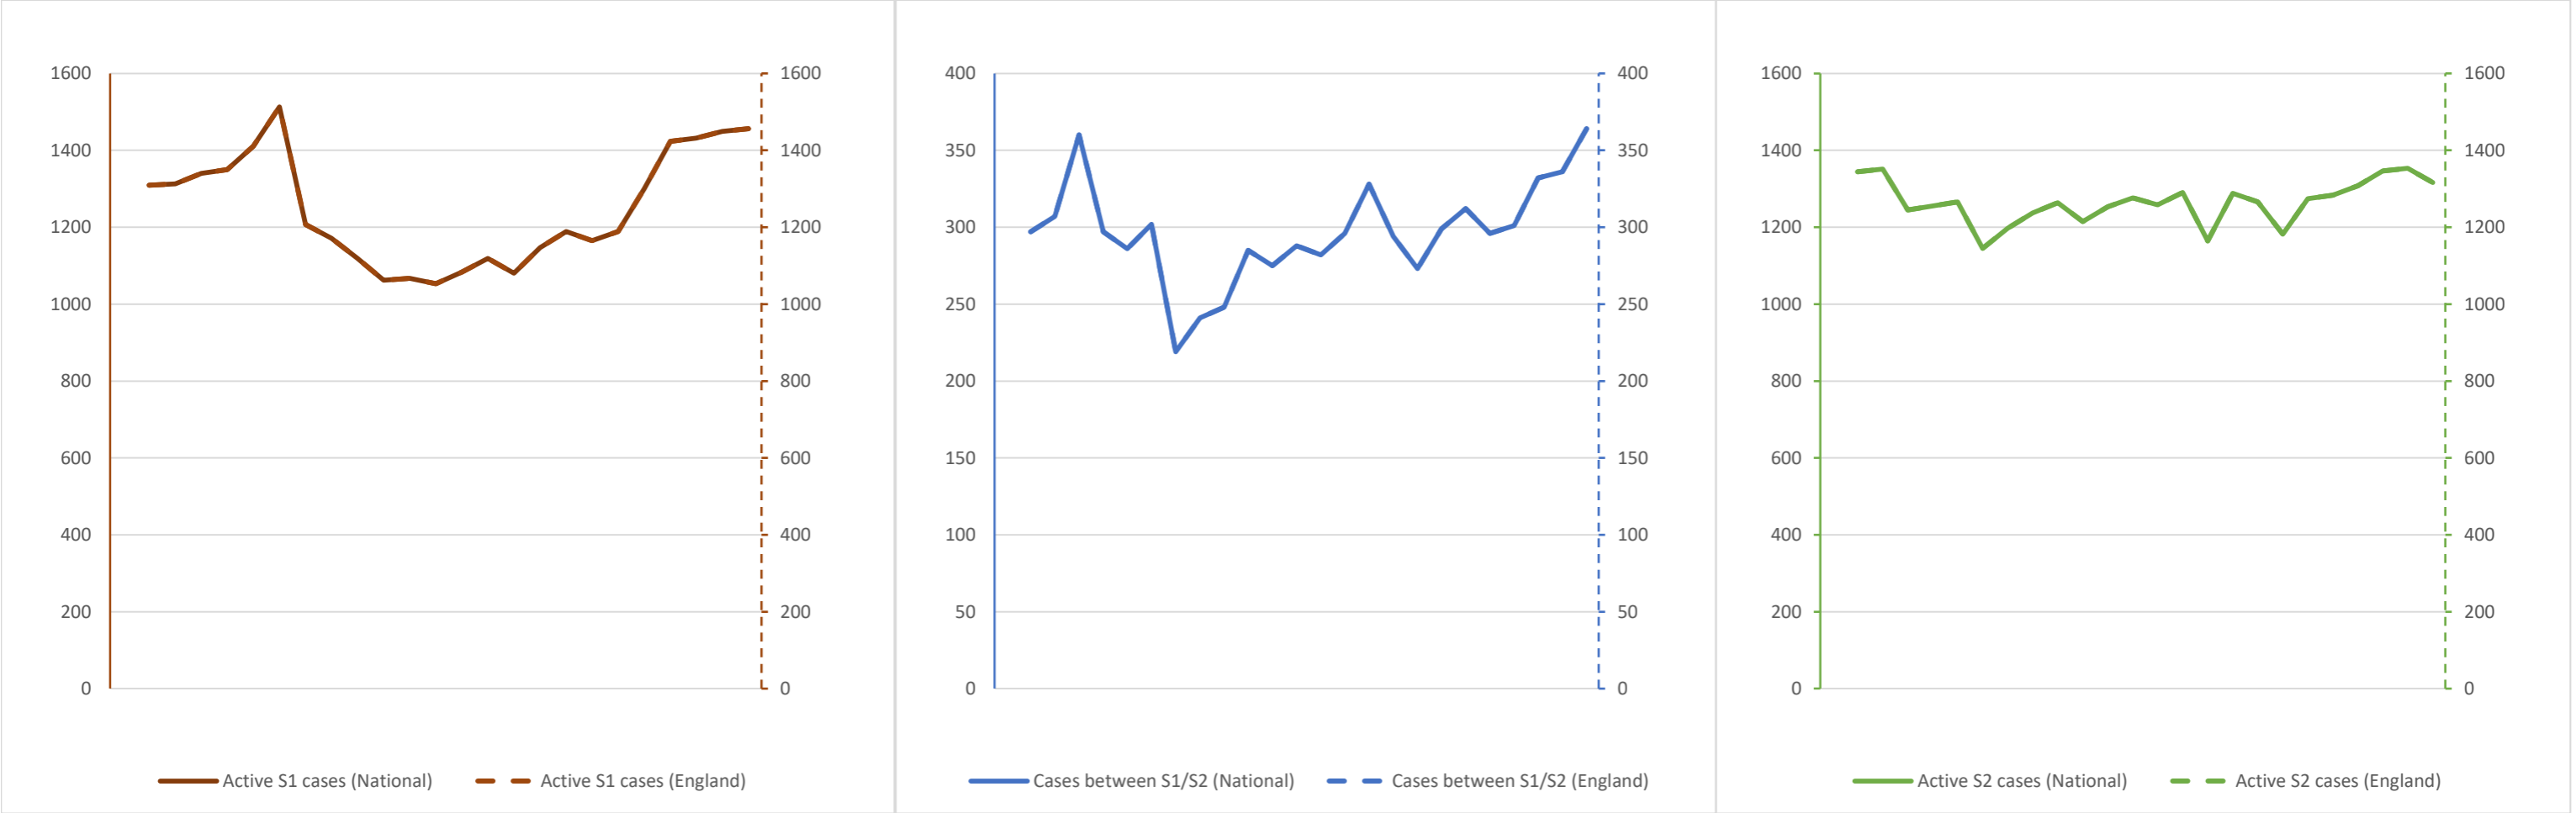

* highlighted rates are worse than the national equivalent

England figures includes VAA families

ASGLB National Dashboard - National trends for 12-month rolling total of families approved to be adopters

National trends for active assessments in each stage at the end of the month from 30 September 2018 to 30 September 2020

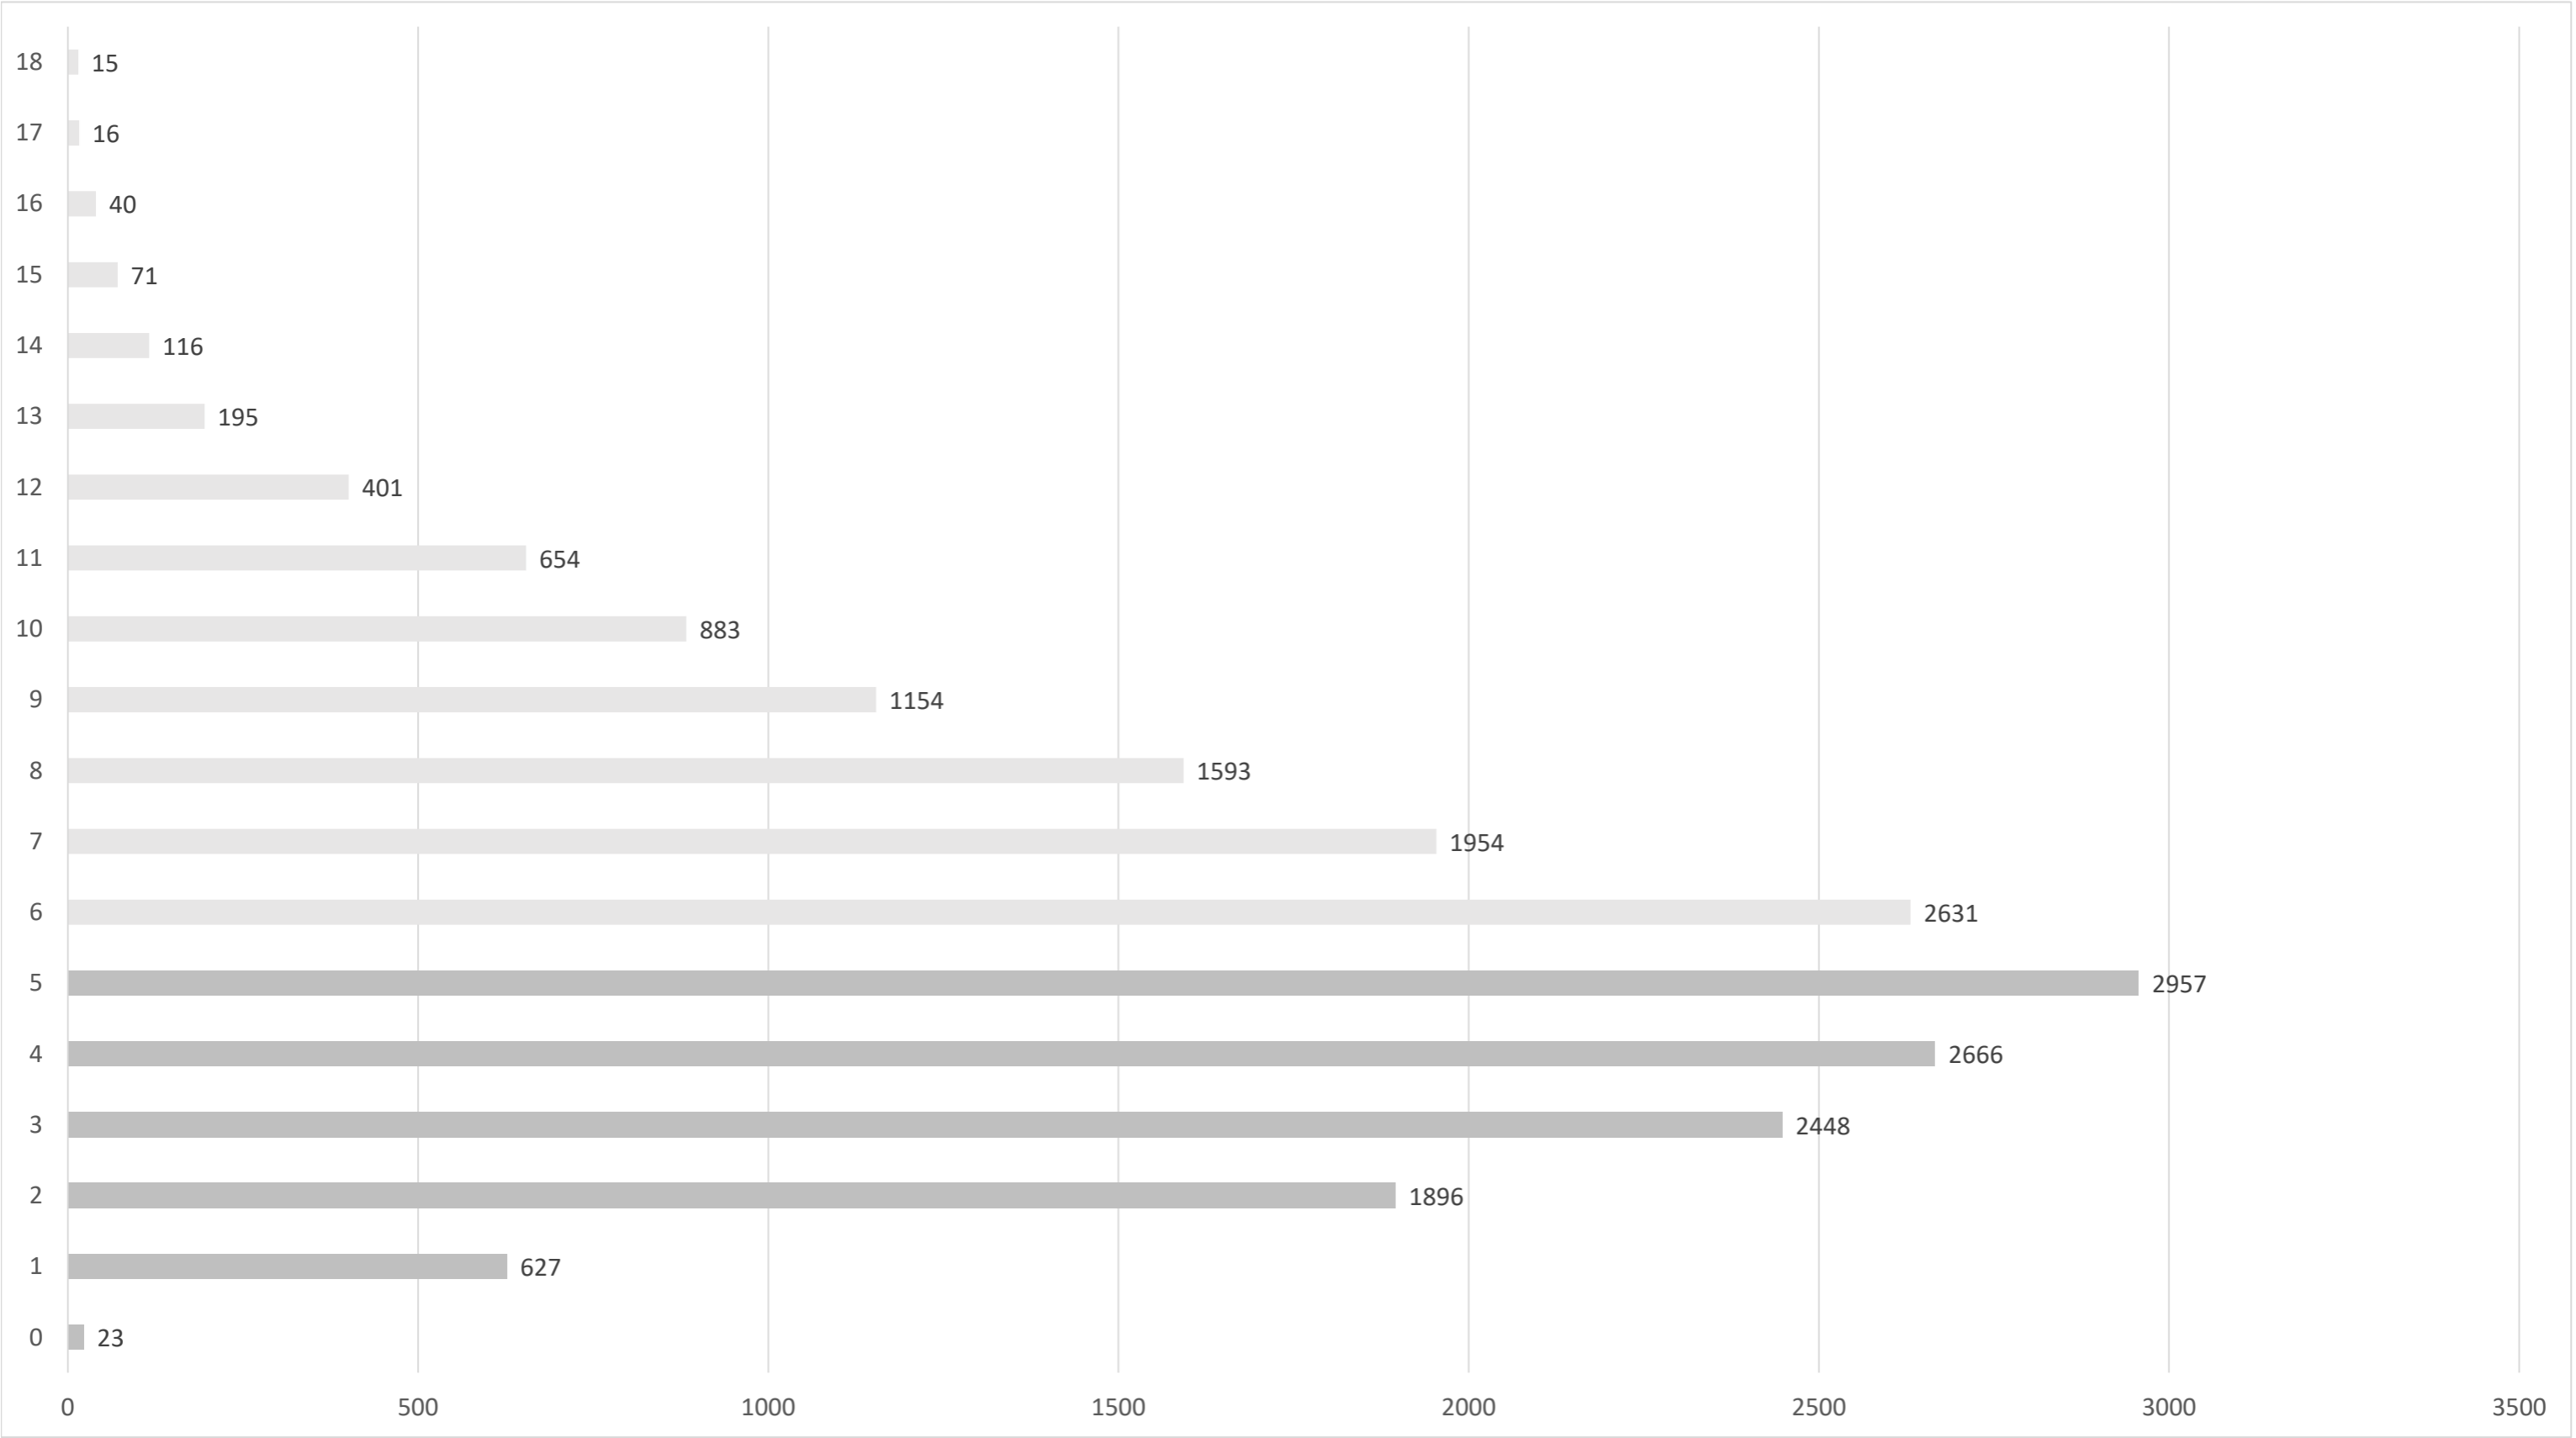

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - Timeliness and Average days to complete key phases of adopter's journey in the 12 months to 30 September 2020

ASGLB National Dashboard - ENGLAND 2020/21 Q2 - Current age profile of children adopted from the English care system*

* This data is based on ASGLB returns received since April 2014 and so does not account for the following:

- children adopted before the ASGLB data collection started (so figures shown for children older than 6 will be lower than the actual figure)
- children adopted whose data was not provided to the ASGLB
- adopted children who have since returned to care
- adopted children whose families have moved to live in a different country
- adopted children who have died

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - Number of children granted a BID in the three years up to 30 September 2020, by characteristic

Notes:

Swindon is included in both the South East and South West figures because it is part of the South West region but in Adopt Thames Valley in the South East region

Age is taken from when the PO is granted

Where 10 or fewer children were granted a PO no percentage is shown

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - Proportion of children granted a PO in the three years up to 30 September 2020 whose plan subsequently changes, by characteristic

The impact of ethnicity on a child's chances of a change of plan once a PO is granted, for non-disabled single children under the age of 5 when the BID was granted

Notes:
Swindon is included in both the South East and South West figures because it is part of the South West region but in Adopt Thames Valley in the South East region
Age is taken from when the BID is granted
Where 10 or fewer children were granted a PO no percentage is shown

ASGLB National Dashboard - England (Regions) 2020/21 Q2 - Average days from BLA to BID for BIDs made in the three years up to 30 September 2020, by characteristic
